- Visited Members1st Credit Union and Northwest Bank -- Sept 3
- Attended Mount Joy Borough Council Meeting -- Sept 8
- Attended Friends Group Meeting -- Sept 8
- Attended Mount Joy Area Chamber meeting -- Sept 10
- Met with Paul Gardner, Buch Funeral Home, Bookpage donation -- Sept 10
- Met with Heather Strunk and Brenda Keller from Janus School to discuss partnerships - Sept 15
- Met with two Handyman services about small jobs - Sept 29
- A significant amount of time spent on moving staff workspaces

Community/Service Point (Susan)

- Attended STIG via ZOOM
- Weed collection to ensure space for new items
- Rework service desk schedule to ensure Children's programs and include Megan

Youth Services (Laura)

Our first month without Miss Jan had new programs and some new program times. When we had a question Jan was always more than happy to support. We're so very lucky to have her!

- Miss Alyssa and Miss Katelyn have really stepped up to run the programs in the library. It is well attended each week with 30-40 people. **Miss Alyssa has renamed "Adventures with Baby" to "Wiggle and Giggle Story Time"**. It averages about 15-20 each week. Miss Katelyn has a monthly **"Craft Night with Katelyn"** the first Tuesday of every month. Miss Alyssa has a love for trivia and does a **monthly Trivia night** on the third Tuesday of every month. There are books given away as prizes for trivia: 4 valued at \$5 each and 4 valued at \$7 each.
- **LEGO Challenge** is enjoyed by families, and their creations are on display in the library.
- Miss Jan's tradition of a monthly **"Fun Fort Friday"** will continue.
- Miss Katelyn and Miss Alyssa offer a **Family Story Time** and a **Wiggle and Giggle Story Time on Saturdays** now.
- Miss Jan still supports the library by going to **read to kindergarteners at DPS!** She had story time with 213 on September 29th!
- Rachel Gable put together a **Teen Survey** for our Teen Zone.

Mount Joy Borough Codes Department

21 E Main St, Mount Joy, PA 17552

98

10/21/2025

Mount Joy Borough
Borough Manager
Mark G. Pugliese

RE: Monthly Report, October 2025
Zoning, Codes & Stormwater Administrator

Mr. Borough Manager,

The following is a summary of the department's activity since the last monthly report, 9/23/2025.

Zoning & Building

As of 10/21/2025, 78 permits for 25 projects were issued.

A permit by dates issued report for 9/23/2025 – 10/21/2025 is attached.

Rental Permit & Inspection Program

5 - Rental Inspections completed

0 – Rental Permits issued.

Complaints & Violations

5 - Notice of Violation letter issued for Disruptive Tenant violation.

2- Notice of Violation letters issued for Property Maintenance/UCC violations.

15 - Complaints / Violations closed since the last report.

20 - Open Complaints / Violations pending follow-up and/or closure.

Planning Commission

The Planning Commission meeting on 10/8/2025 was cancelled.

November PC meeting 11/12/25 – 1087 Wood St, 400 E. Main St & New-Guardian Barrier E. Main St.

Zoning Hearing Board

The Zoning Hearing Board met on 10/22/2025.

Heard two cases regarding 115 E. Main St and 228 E. Main St.

Stormwater

Stormwater permits issued included in the attached permits by date issued report.

Items of Note

9/25/25 - Attended Admin & Finance Meeting
9/26/25 - COU inspection - Phoenix Packaging - 1160 E. Main St.
10/1/25 - Completed Knoxbox install at 830 E. Main St. – New Short-term Rental
10/6/25 - Attended MJB Council Meeting
10/9/25 - COU inspection - Mount Joy Smokers - 350 W. Main St.
10/9/25 - Attended LCPD Act 167 WPAC #4 Meeting
10/14/25 - Attended New MJB Building Site meeting
10/14/25 - Pre-application meeting with Mount Joy Gift & Thrift
10/15/25 - COU inspection - Seymour's Little Shop of Books – 45 E. Main St.
10/16/25 - Update DSD Knoxboxes (DIS, DJHS, DHS)
10/17/25 - Attended LCPD GIS Day Training at LCPSTC
Attended - LCWP MS4 Forum/Training at Rock Lititz
10/22/25 - Meeting with REYS @ 107 Fairview St. – Fire Safety / Occupancy Calculations
10/22/25 - ZHB meeting

Information / Updates:

35 W. Main St. – Structural issues – Repair plans received, pending plan review and permits.
101 W. Main St. – Condemned building - W. Main & Manheim St -Plans received 10/20/25.
1087 Wood St. – Demolition permit issued. Sketch Plan - Planning Commission 9/12/25
19 Poplar & 163 New Haven – Awakened Properties - ZHB Appeal, Legal brief filed 10/10/25
Florin Hill-Phase 3 – Block VV permits – Pending NPDES permit approval & underground BMP
& Block VV foundation elevations identified by K&W with confirmation from Rettew.

Respectfully,

Brett R. Hamm, Mount Joy Borough

Codes, Zoning, & Stormwater Administrator

MOUNT JOY BOROUGH MEMORANDUM

TO: Council & Mayor

FROM: Rachel Stebbins, Community & Economic Development Coordinator

DATE: October 23, 2025

RE: C&ED's Report

Highlights:

The Mount Joy Chamber's Spooktacular is Friday!

Time Breakdown:

Community & Economic Development – 45%

Grants – 45%

General (council/committee meetings, staff meetings, C&ED reports, etc.) – 10%

Activities:

1. I have attended Mount Joy Chamber luncheon, Mount Joy Chamber Board Meeting, Mount Joy Chamber mixer, Winterfest Meeting, Friends of Donegal Advisory Board Meeting, Flyer View Zoom, Mount Joy/Etown Chamber of Commerce Business Expo
2. Created and distributed downtown visitor stats for Borough businesses for Q3
3. Connected VFW with local businesses and Chamber for fundraising options
4. Created ad for downtown events for Merchandiser (MC, Etown, Columbia)
5. Assisted FOD in connecting with a contact to support creation of their volunteer program
6. Followed-up with two local business owners regarding events for 2026; assisted with providing direction for restrooms, trash, etc. and assisted them with connecting to civic organizations and other businesses for collaboration
7. Assisted Chamber WIB group in connecting with Det. Kieffer from MJBPD for possible program.
8. Continue working with several property owners and real estate agents to fill vacant properties and/or acquire tenants for soon-to-be-vacant properties.
9. Worked on department budget for 2026.
10. Assisted with hanging "no parking" signs for Spooktacular event.
11. Worked with Assistant Borough Manager and Administrative Assistant to plan employee appreciation and holiday events.
12. Fielded questions for businesses and residents regarding Spooktacular and Winterfest.

13. Met with Borough team to discuss upcoming grant options and submissions; gathered information, quotes, etc. prepared drafts of resolutions, etc.
14. Compiled final budget information for previously awarded MTF grant.
15. Researched and gathered information for possible Malmedy Memorial donor plaque.
16. Assisted Engle Printing & Publishing with information for them to create a special publication celebrating Mount Joy's 175th anniversary
17. Toured new building
18. Created/scheduled Borough Facebook posts re: several area nonprofits, announcements, and events.
19. Started course on Advanced Grant Writing through Elizabethtown College

Grants

1. Searching for grant opportunities to determine parameters, qualifications, needs, etc.
2. Looking into possible projects for 2025 round of Local Share Account Grant; discussed with Rotary Club the option of applying for this to help with the pickleball courts.
3. Searching for possible stormwater-related grants applicable to the Borough.
4. **C2P2 Round 31** – Phase 1 for Little Chiques Park Development; DCNR \$200,000; 50/50 match; Submitted.
5. **PFBC Habitat Improvement Grant** - \$75,000 towards Little Chiques Streambank Restoration Phase 3; submitted.
6. **Multimodal Transportation Fund** – Discussed with Borough team and Engineers to determine specific projects, timeline, etc. – Submitted
7. **NIBRS Compliance Efforts Grant** – Awarded; Submitted Q3 Reports
8. **ARLE Transportation Enhancement Grant** – Awarded; sent signed contract to RETTEW for them to prepare bid documents

**BOROUGH OF MOUNT JOY
PUBLIC WORKS DEPARTMENT
MEMORANDUM**

TO: Mark Pugliese, Borough Manager

FROM: Dennis Nissley, Public Works Director

DATE: October 30, 2025

RE: Public Works Department Activities for October 2025

Following is a list of activities for the Public Works Department for October 2025

- Parks – Mow wildflower meadow at LC Park
- Parks – Water flower planters
- Parks – Tree cleanup of downed trees and branches in parks
- Parks – Clean up picnic tables and pavilions
- Parks – Mowing
- Parks/PW – Cleanup and prepare equipment for sale on Municibid
- PW – Pothole repair as needed
- PW – Prepare/set up leaf collection equipment
- PW – Haul dirt/fill to approved fill sites
- PW – Replace SW pipes, install new inlets on N Barbara St at North Alley
- Signs – Repair and replacement of missing or damaged signs as needed.
- Compost Site – Material processing/site maintenance/ screen leaf compost to prepare for new leaves
- Compost Site – Grind raw material

Meetings:

- Attend Public Works Committee meeting
- Attend Borough Council meeting
- Attend Staff meetings
- Attend Act 167 stormwater meeting at Farm and Home Center
- Interview 2 applicants for open PW position
- Meet with property owners and contractor for ADA project on Columbia Ave and N Barbara St.

Projects:

- Streambank restoration project – Phase 3 – Bid acceptance is on Council agenda
- Walnut Street – Punch list work completed by Pennsy Supply
- S. Market Avenue - Hydro-excavate test holes with Authority vac truck to determine depths and locations of gas and water lines
- Contractor for School Lane and Charter Lane project has completed warranty work
- Columbia Ave and N Barbara St ADA project is in progress
- Spent time administering, responding to questions and setting up pick-up times of Municibid sale items.

9K

To: Borough Council
From: Jill Frey – Assistant Borough Manager/Finance Officer
Date: 10/29/2025

Attended the Council meeting on October 6th.

Attended the Administration & Finance Committee meeting on October 23rd.

October 7th – attended a meeting with surrounding Municipalities to discuss Fire Department sustainability.

October 8th – attended Lancaster County Tax Collection Bureau's annual meeting via Zoom.

October 9th – met with AFLAC representative to discuss and schedule annual employee meeting.

October 15th – attended a meeting with Mark and Bettina to discuss RACP criteria and requirements.

October 22nd – attended Lancaster County Borough's Association quarterly meeting.

I have also been working on insurance renewals and the 2026 budget.

Attached you will find the following items:

Account Balance Report – A report of the reserves in our four major operating funds as of **October 29, 2025**.

Budget report for both General Fund and Refuse Fund through **October 29, 2025**.

If any of you have questions, please do not hesitate to reach out to me.

Respectfully submitted,

Jill Frey
Assistant Borough Manager/Finance Officer

MOUNT JOY BOROUGH MEMORANDUM

TO: Council & Mayor

FROM: Mark G. Pugliese I, Borough Manager

DATE: October 30, 2025

RE: Manager's Report

1. **Meetings** I have attended the Council Meeting, Public Works Committee Mtg, Public Safety Committee, Chamber meeting, staff meetings, Bi-weekly construction meetings.
2. **PennState Life Lion LLC** – PennState Life Lion has sent a preliminary agreement document that will be before the Public Safety Committee
3. **Contract Talks** – Negotiations are ongoing. My impression and my only impression is that things aren't going well. We were to have a meeting on 10/21 but was canceled due to the fact that I was unable to prepare a document in time for everyone to review before the meeting.
4. **Borough Handbook**: No updates. I would like to have this completed by the end of the year so it can be effected by January 1, 2026. **No update**
5. Reference to **BMP 107/Melhorn Basin & BMP 125/Borough Basin**, As requested, this has been placed on the Admin & Finance agenda. Again, I need to remind council/committee that there is a pending lawsuit, and comments should be limited to general steps the Borough is taking, nothing specific. I have contacted RETTEW and asked that BMP 107 be their first priority and BMP 125 be their second priority. I was told that RETTEW will have suggestions moving forward for BMP 107 by the October Admin & Finance Committee and for BMP 125 by the November Admin & Finance Committee Meeting.

RETTEW has been gathering information for BMP 107. The more information they receive the more precise the recommendation will be. This passed Tuesday & Wednesday there were surveyors out surveying BMP 107.

Please note that on the agenda, Admin & Finance will be putting forth a motion to have the Borough Solicitor draft a letter to Gus's Keystone Family Restaurant advising that of the Borough's intent to reclaim the parking spaces on Borough property and that the Borough is willing to sit down and discuss this with them. **Draft letter before Council.**

6. **AMTRAK** – Working with Congressman Smucker's Office to address BMP 107. I received an updated letter from Congressman Smucker's office indicating that they have contacted AMTRAK and are waiting on a response. Noting that earlier this year we were told that the work was to be completed in September of 2025, there is no signs of any work happening. So once again, I contacted AMTRAK via email asking for the status, but I received no response.

I received a 3rd letter from Congressman Smucker's office indicating that they had contacted AMTRAK a second time. I also had a phone call and email exchanges with the Manager, Government Affairs-Northeast. I provide location mapping as well as photographs of the end wall. I also provided her with names of several individuals to whom I have spoken with over the years, including those that no longer

work for AMTRAK. While she seemed eager to help us, it has been around a week since I provided her the information she want and as of today, I haven't had any additional contact with her.

7. **Municipal Services Complex** – The building is coming along, and you are able to tell what rooms are what at this point. Should any Councilors wish to go through the site, please let me know and I will make arrangements for that.

We have been meeting with furniture vendors so that all furniture is order in time for the move in. Also working with key and access control. This is being spearheaded by Chief Goshen who will ultimately be responsible for handing out access cards and office keys.

Exterior and interior finishes have been released, and samples have been in Chambers for the past 2 months.

I am scheduled to meet with an inspector from our Builders Risk Insurance policy to inspect the work sight on Friday, October 31st.

8. **Radios**- Some members of Council may remember back around 8 years or so, Lancaster County Wide Communications/County of Lancaster switched over to a new radio system and municipalities were on the hook to purchase radios for police, public works, possibly fire departments, EMA, etc. At the time municipalities were purchasing radios, there were few models available. The radios that most agencies ordered were Tait BK radios. One of the advantages was that these radios, both portables and vehicle mounted were to be "Phase 2" ready. The County is now at the point where they wish to move to Phase 2 by the end of next year. As you can probably guess, the current radios are not Phase 2 capable.

What does this mean? All radios need to be replaced. We are working on a 2-year plan for both police and public works. This means that we are purchasing what we can this years and budgeting funds in 2026 to complete the change over

Public works is changing out vehicle mounted radios to be replaced with charging cradles in the vehicles. This will save thousands of dollars by not having to purchase expensive vehicle radios.

I will mention that this is not something that was planned for in the new building. There is a chance that portables will work just fine in the new building with no exterior antennas, however, we are looking at running conduit to the roof or other locations where we may need to install exterior antennas.

9. **RACP Update** - Ms. Frey and I met with individuals from Stantec who the Commonwealths appointed oversight representatives for our grant. There will be a lot of work to be done to complete all the requirements but nothing insurmountable. If you recall several months ago I reported that the Borough had a "conditional" approval for the grant funding. There was certain information that we needed to submit, and I am happy to report that we have been approved to the grant.
10. **Rt 772 Re-Route** - I had made a request of PennDOT to meet with the Borough at the intersection of Manheim St/ New Haven St/Main Street (PA 230). Following the on-site meeting, my request was to meet back at our building to review possible fixes as well as relocating of Rt 772 in the borough. I did not receive a response. **No updates.**
11. **Grants**
 - a. **DCED Multimodal Transportation Fund Grant** – Work completed, closing out the grant.
 - b. **DCED/DCNR C2P2 Grant**- Closing out the Little Chiques Park Master Site Plan.

- c. RACP Grant 2022/2023 – See Item 9.
 - d. Lancaster County Community Foundation/Lancaster Clean Water Partners (Reserve Swale) – Working with Clean Water Partners to receive the remaining \$10,000.
 - e. Clean Water Partners/Foundation – Closing out grant for Phase 1 & 2 and submitting required documentation. Phase 3 of the project will be before Council to award the bid.
 - f. 902 Grant -. RETTEW is working on Bid Documents.
 - g. ARLE Transportation Enhancement Grant- RETTEW working on bid documents.
 - h. DCED WRPP Grant-. Submitted, No Updates
 - i. PA Fish & Boat Commission – Ms Stebbins has submitted the application in the amount of \$75,000 for Phase 3 of the Streambank Restoration Project. Submitted, no updates.
 - j. MTF Grant – Submitted, no update
 - k. Pickle Ball Court – See Local Shares Grant. Application due end of the month
 - l. Local Shares Grant. Working on project identification. One such discussion item is updating all of the AEDs, including Admin, Police and Public Works.
12. Shovel Ready Projects -No updates.
13. Schatz v. Borough of Mount Joy - No updates from Borough's law firm.
14. Florin Hills – Home construction has started and permits issued. CHN/FHP has submitted permit requests for Block V for townhouses. These homes would be directly south of the underground retention basin which according to the plans, ground level needs to be 2 feet above the stormwater facility. Staff is not issuing these permits until at least the NPDES permit revision is issued
- PA DEP and RETTEW have issued additional review documents with a large number of issues. Before Council will be a request that has been made by FHP/CHN to start work on the underground retention/infiltration basin. Based upon review letters and comments, I have advised LCCD and FHP that we are not comfortable with allowing this work to commence. It is up to Committee/Council if you wish to allow them to proceed.
15. Borough Solicitor – Staff and I have been working on numerous projects with the Borough Solicitor.
- a. Ordinance for Curbs and sidewalk. No updates
 - b. Bicycle ordinance will come before Council in the near future. *
 - c. Brake Retarders will be before Council in the near future. *
 - Chief wishes to hold off on approvals until he has completed several ordinances that he is working on in an attempt to lower the cost rather than submitting one at a time. I support this.
16. Chiques Crossing – No updates
17. Flood Mitigation & Response Plan - Met with staff and EMA to review locations of know flooding issues, locations of basement flooding that FDMJ pumped out to create and heat map. EMA is looking to find data from 2018 event to add to the heat map. This should give staff physical data to look at and to start working on low hanging fruit. Work in progress. No updates.

18. **Website** - Staff have been looking at improvements to our website. First there is a lot of dated information on our current website. There is a new law requiring all websites that need to be ADA compliant. I've been in contact with CivicPlus to look at what they may be able to for the Borough. They currently work with several municipalities in Lancaster County and surrounding counties. I had them present their product during a staff meeting and I received positive response. They were able to run a scan of our current website and found 127 issues that are not ADA compliant. They also offer other services, including two issues that I am interested in regarding Social Media Archiving and Right-to-Know Requests. More discussing this at our October Committee meeting. **We have received a quote from CivicPlus and I am looking at alternative solutions.**

As always, please feel free to contact me if you have any questions.

*******End of Report*******

Fill Existing Storm Pipe

Submission Date: 10/3/2025

Owner : Mount Joy Borough
21 East Main Street
Mount Joy, PA 17552

Project: 25104. / Mt Joy Admin and Police Dept Facility
300 Orchard Road
Mount Joy, PA 17552

Scope of Work: Supply all labor, material and equipment to fill existing abandoned storm pipe with flowable fill, and remove portions where able per response to RFI GC #11.

Request Date:

4-30-25

Requested by:

Brian Imler, Project Manager

Response Needed By:

Estimated Cost Impact:

☐ Additional Cost ☐ No Change ☐ Credit

Estimated Time Impact:

☐ YES Amount: ☐ NO

Detailed Description:

While digging footers we dug through an existing metal corrugated pipe that was leaking water into the footer. This pipe runs under the building pad about 8' deep and we believe it slopes uphill and was exposed at subgrade in the building pad. We found another drain at subgrade in the parking lot. Please advise what should be done with the exposed pipes & drains. Thank you.

Estimated Cost Impact:

☐ Additional Cost ☐ No Change ☐ Credit

Estimated Time Impact:

☐ YES ☐ NO

Response:

Any existing pipes that are in conflict with new proposed structures/utilities should be removed in their entirety and backfilled with suitable structural fill in accordance with the Geotechnical Engineering Report. If the existing pipes are NOT in conflict with new proposed structures/utilities but are still within proposed building pad or asphalt/concrete covered areas, the pipes can remain in place but must be filled with flowable fill. One end of the pipe should be capped; then flowable fill placed within the opening and filled completely; finally, the other end of the pipe should be capped. If the end of the pipe can't be capped, remove the pipe in its entirety and backfill with suitable structural fill in accordance with the Geotechnical Engineering Report.

Attached Document Description:

Pipe Chase

Submission Date: 10/21/2025

Owner : Mount Joy Borough
21 East Main Street
Mount Joy, PA 17552

Project: 25104. / Mt Joy Admin and Police Dept Facility
300 Orchard Road
Mount Joy, PA 17552

Scope of Work: Supply all labor, material and equipment to install pipe chase walls in Room A137 & A127.

RE: Little Chiques Park Phase 3 Stream Restoration - Construction Bids
Award Recommendation
RETTEW Project No. 0296104126

Dear Mr. Pugliese:

We have reviewed the bids received on October 14, 2025 for the Little Chiques Park Phase 3 Stream Restoration Project. Attached you will find the tabulation of the four bids received and a summary of the bid totals. We have also reviewed the documents submitted as part of the bids and find them to be in accordance with the requirements.

Based on our review, the lowest responsible bidder is Stonewood Landshaping, Inc. with a total bid of **\$290,000.00**. We have contacted several of their project references and received positive feedback on their work. We recommend awarding the Phase 3 contract to Stonewood Landshaping, Inc.

Sincerely,

Kara M. Kalupson, RLA
Project Manager

State PA

Zip Code 18076

☒ Contractor ☐ Subcontractor (check one)

Contracting Public Body Mount Joy Borough

Contract/Project No 0296104126

Project Description Construction of in-stream structures on 1,700 feet of stream, floodplain benching, and riparian buffer plantings.

Project Location Little Chiques Park

As a contractor/subcontractor for the above referenced public works contract, I hereby affirm that as of the above date, our company is in compliance with the Public Works Employment Verification Act ('the Act') through utilization of the federal E-Verify Program (EVP) operated by the United States Department of Homeland Security. To the best of my/our knowledge, all employees hired post January 1, 2013 are authorized to work in the United States.

It is also agreed to that all public works contractors/subcontractors will utilize the federal EVP to verify the employment eligibility of each new hire within five (5) business days of the employee start date throughout the duration of the public works contract. Documentation confirming the use of the federal EVP upon each new hire shall be maintained in the event of an investigation or audit.

I, Janet L. Hoffman, authorized representative of the company above, attest that the information contained in this verification form is true and correct and understand that the submission of false or misleading information in connection with the above verification shall be subject to sanctions provided by law.

NON-COLLUSION AFFIDAVIT

State of Pennsylvania

: SS

County of Montgomery :

I state that I am Office Manager of Stonewood Landshaping, Inc., and that I am authorized to make
(Title) (Name of My Firm)
this Affidavit on behalf of my firm, and its owners, directors and officers. I am the person responsible in
my firm for the price(s) and the amount of this bid.

I state that:

1. The price(s) and amount of this Bid have been arrived at independently and without consultation, communication or agreement with any other contractor, bidder or potential bidder.
2. Neither the price(s) nor the amount of this Bid, and neither the approximate price(s) nor approximate amount of this Bid, have been disclosed to any other firm or person who is a bidder or potential bidder, and they will not be disclosed before Bid opening.
3. No attempt has been made or will be made to induce any firm or person to refrain from bidding on this Contract, or to submit a bid higher than this Bid, or to submit any intentionally high or noncompetitive bid or other form of complementary bid.
4. The Bid of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive bid.
5. Stonewood Landshaping, Inc. its affiliates, subsidiaries, officers, directors, and employees are not
(Name of My Firm)
currently under investigation by any governmental agency and have not in the last 3 years been convicted or found liable for any act prohibited by state or federal law in any jurisdiction, involving conspiracy or collusion* with respect to bidding on any public contract, except as follows:

I state that Stonewood Landshaping, Inc. understands and acknowledges that the above representations
(Name of My Firm)
are material and important, and will be relied on by Mount Joy Borough in awarding the
(Name of Public Entity)
contract(s) for which this bid is submitted. I understand and my firm understands that any misstatement of this affidavit is and shall be treated as fraudulent concealment from
Mount Joy Borough of the true facts relating to submission of bids for this contract.

Traci Lynn Langdon
Notary Public

My Commission Expires: 03/26/2029

* Involvement in this activity does not prohibit the Mount Joy Borough from accepting this bid or
(Name of Public Entity)
awarding a contract; but this may be a ground for determining whether the Mount Joy Borough should
(Name of Public Entity)
decide to award a contract based on a lack of responsibility.

INSTRUCTIONS FOR NON-COLLUSION AFFIDAVIT

1. This Non-Collusion Affidavit is material to any contract awarded pursuant to this Bid. According to the Pennsylvania Antibid-Rigging Act, 73 P.S. § 1611 et seq, governmental agencies may require Non-Collusion Affidavits to be submitted together with bids.
2. This Non-Collusion Affidavit must be executed by the member, officer or employee of the Bidder who makes the final decision on prices and the amount quoted in the Bid.
3. Bid rigging and other efforts to restrain competition, and making of false sworn statements in connection with the submission of Bids are unlawful and may be subject to criminal prosecution. The person who signs the Affidavit should examine it carefully before signing and assure themselves that each statement is true and accurate, making diligent inquiry, as necessary, of all other persons employed by or associated with the Bidder with responsibilities for the preparation, approval or submission of the Bid.
4. In the case of a Bid submitted by a joint venture, each party to the venture must be identified in the Bid documents, and an Affidavit must be submitted separately on behalf of each party.
5. The term "Complementary Bid" as used in the Affidavit has the meaning commonly associated with that term in the bidding process, and includes the knowing submission of bids higher than the bid of another firm, any intentionally high or noncompetitive bid, and any other form of bid submitted for the purpose of giving a false appearance of competition.
6. Failure to file an Affidavit in compliance with these instructions will result in disqualification of the Bid.

NONDISCRIMINATION/SEXUAL HARASSMENT CLAUSE

The Grantee agrees:

1. In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the grant agreement or any subgrant agreement, contract, or subcontract, the Grantee, a subgrantee, a contractor, a subcontractor, or any person acting on behalf of the Grantee shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the *Pennsylvania Human Relations Act* (PHRA) and applicable federal laws, against any citizen of this commonwealth who is qualified and available to perform the work to which the employment relates.
2. The Grantee, any subgrantee, contractor or any subcontractor or any person on their behalf shall not in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against or intimidate any of its employees.
3. Neither the Grantee nor any subgrantee nor any contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, in the provision of services under the grant agreement, subgrant agreement, contract or subcontract.
4. Neither the Grantee nor any subgrantee nor any contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate against employees by reason of participation in or decision to refrain from participating in labor activities protected under the *Public Employee Relations Act*, *Pennsylvania Labor Relations Act* or *National Labor Relations Act*, as applicable and to the extent determined by entities charged with such Acts' enforcement, and shall comply with any provision of law establishing organizations as employees' exclusive representatives.
5. The Grantee, any subgrantee, contractor, or any subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees in writing of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily-accessible and well-lit places customarily frequented by employees and at or near where the grant services are performed shall satisfy this requirement for employees with an established work site.
6. The Grantee, any subgrantee, contractor or any subcontractor shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against any subgrantee, contractor, subcontractor or supplier who is qualified to perform the work to which the grant relates.
7. The Grantee and each subgrantee, contractor and subcontractor represents that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws and regulations relating to nondiscrimination and sexual harassment. The Grantee and each

subgrantee, contractor and subcontractor further represents that it has filed a Standard Form 100 Employer Information Report ("EEO-1") with the U.S. Equal Employment Opportunity Commission ("EEOC") and shall file an annual EEO-1 report with the EEOC as required for employers' subject to *Title VII of the Civil Rights Act of 1964*, as amended, that have 100 or more employees and employers that have federal government **contracts** or first-tier subcontracts and have 50 or more employees. The Grantee, any subgrantee, any contractor or any subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, **records**, and accounts by the granting agency and the Bureau of Diversity, Inclusion and Small Business Opportunities for the purpose of ascertaining compliance with the provisions of this Nondiscrimination/Sexual Harassment Clause.

8. The Grantee, any subgrantee, contractor or any subcontractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subgrant agreement, contract or subcontract so that those provisions applicable to subgrantees, contractors or subcontractors will be binding upon each subgrantee, contractor or subcontractor.
9. The Granter's and each subgrantee's, contractor's and subcontractor's obligations pursuant to these **provisions** are ongoing from and after the **effective** date of the grant agreement through the termination date thereof. Accordingly, the Grantee and each subgrantee, contractor and subcontractor shall have an obligation to inform the commonwealth if, at any time during the term of the grant agreement, it becomes aware of any actions or occurrences that would result in violation of these provisions.
10. The commonwealth may cancel or terminate the grant agreement and all money due or to become due under the grant agreement may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the granting agency may proceed with debarment or suspension and may place the Grantee, subgrantee, contractor, or subcontractor in the Contractor Responsibility File.

BID FORM

Project Identification: Contract No.1 – General Construction
Little Chiques Park Stream Restoration Phase 3

RETTEW Project No.: 0296104126

Name of Bidder: Stonewood Landshaping, Inc.

This Bid is submitted to: Mount Joy Borough
21 E. Main Street
Mount Joy, PA 17552

1. The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with OWNER in the form included in the Contract Documents to perform and furnish all Work as specified or indicated in the Contract Documents for the Bid price and within the Bid Times indicated in this Bid and in accordance with the other terms and conditions of the Contract Documents.
2. Bidder accepts all of the terms and conditions of the Invitation to Bid and Instructions to Bidders, including without limitation those dealing with the disposition of Bid Security. This Bid will remain subject to acceptance for 60 days after the day of Bid opening unless award is delayed by a required approval of another government agency, the sale of bonds, or the award of a grant or grants, in which case this Bid shall remain subject to acceptance for 120 days after the bid opening date as provided by the Act of November 26, 1978 (P.L. 1309, No. 317), as amended by the Act of December 12, 1994 (P.L. 1042, No. 142). Bidder will sign and deliver the required number of counterparts of the Agreement with the Bonds and other documents required by the Bidding Requirements within 15 days after the date of OWNER'S Notice of Award.
3. In submitting this Bid, Bidder represents, as more fully set forth in the Agreement, that:

- a. Bidder has examined and carefully studied the Contract Documents and the following Addenda receipt of all which is hereby acknowledged:

Addendum 1

- b. Bidder has visited the site and become familiar with and is satisfied as to the general, local and site conditions that may affect cost, progress, performance and furnishing of the Work.
- c. Bidder is familiar with and is satisfied as to all federal, state and local laws and regulations that may affect cost, progress, performance and furnishing of the Work.
- d. If applicable, Bidder has carefully studied all reports of explorations and tests of subsurface conditions at or contiguous to the site and all drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the site (except underground facilities) that have been identified in the Supplementary Conditions as referenced in Article 4 of the General Conditions. Bidder accepts the determination set forth in Paragraph SC-4.02 of the Supplementary Conditions of the extent of the "technical data" contained in such

reports and drawings upon which Bidder is entitled to rely as provided in Article 4 of the General Conditions. Bidder acknowledges that such reports and drawings are not Contract Documents and may not be complete for Bidder's purposes. Bidder acknowledges that OWNER and ENGINEER do not assume responsibility for the accuracy or completeness of information and data shown or indicated in the Contract Documents with respect to underground facilities at or contiguous to the site. Bidder has obtained and carefully studied (or assumes responsibility for having done so) all such additional or supplementary examinations, investigations, explorations, tests, studies and data concerning conditions (surface, subsurface and underground facilities) at or contiguous to the site or otherwise that may affect cost, progress, performance or furnishing of the Work or that may relate to any aspect of the means, methods, techniques, sequences and procedures of construction to be employed by Bidder and safety precautions and programs incident thereto. Bidder does not consider that any additional examinations, investigations, explorations, tests, studies or data are necessary for the determination of this Bid for performance and furnishing of the Work in accordance with the times, price and other terms and conditions of the Contract Documents.

- e. Bidder is aware of the general nature of the Work to be performed by OWNER and others at the site that relates to work for which this Bid is submitted as indicated in the Contract Documents.
 - f. Bidder has correlated the information known to Bidder, information and observations obtained from visits to the site, reports and drawings identified in the Contract Documents and all additional examinations, investigations, explorations, tests, studies and data with the Contract Documents.
 - g. Bidder has given ENGINEER written notice of all conflicts, errors, ambiguities or discrepancies that Bidder has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to Bidder, and the Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performing and furnishing the Work for which this Bid is submitted.
 - h. This Bid is genuine and not made in the interest of or on the behalf of any undisclosed person, firm or corporation and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid; Bidder has not solicited or induced any person, firm or corporation to refrain from bidding; and Bidder has not sought by collusion to obtain for itself any advantage over any other Bidder or over OWNER. Bidder is aware that they must complete a minimum of fifty (50) percent of the work on the project with its own forces.
- 4. Bidder will complete the Work in accordance with the Contract Documents for the prices entered into the electronic Bid Table on the PennBID website, which is located under the Pricing Section. (The electronic Bid Form may be downloaded and printed for the Bidder's use.)
 - 5. Bidder agrees that the Work will be substantially complete on or before March 20, 2026 as provided in Paragraph 2.03 of the General Conditions, and completed and ready for final payment within 7 calendar days after the date of Substantial Completion. Bidder accepts the provisions of the Agreement as to liquidated damages in the event of failure to complete the Work within the times specified in the Agreement.
 - 6. The following documents shall be completed by each bidder and submitted electronically with the bid:
 - a. Experience Questionnaire; Required Bid Security; Bid Form, Non-Collusion Affidavit; Nondiscrimination Sexual Harassment Provisions; Public Works Employment Verification; Prime Contractor Disadvantaged Business Enterprise (DBE) Compliance Statement with supporting documentation.

7. Communications concerning this Bid shall be addressed to the address of Bidder indicated below or the following address:
- Stonewood Landshaping, Inc, 358 E. 6th Street, Red Hill, PA 18076
- Attention: Richard B. Rachor, Jr., President
8. The terms used in this Bid that are defined in the General Conditions or Instructions will have the meanings assigned to them in the General Conditions or Instructions.

Hi Mark:

I wanted to let you know that I would **not recommend** allowing Charter to begin installation of Subsurface BMP 2 until the NPDES Major Permit Amendment is approved. Allowances have already been made to conduct earthmoving activity in limited areas shown on the red-lined plan and construction of some of the housing units. The applicant clearly stated that BMP 2 would not be installed until permit approval, and I think the Borough should hold them to that as there are 83 outstanding technical review comments not yet addressed by the applicant.

Let me know if you have questions.

This message originated from outside your organization

Hi Brent and Kara,

Could you let me know whether or not the Borough would be amenable to entertaining Anthony's request? I am thinking that having a coordinated effort here could be beneficial, especially since this facility is a facility that provides stormwater management for a chunk of Phase 3. If the Borough is not amenable to allowing for BMP-2 to be installed until after the NPDES amendment is issued, I'll stand behind your decision. If you are planning to defer to us, feel free to let me know. I'm happy to hop on a call with you if that's easier. Thanks.

Hi Eric,

I'm checking in on the below email.

I know you have several priorities you are working through, but we really need to move forward with installation of the permanent BMP-2 stormwater facility as soon as possible at this point.

As you know, installation of BMP-2 has no impact on the NPDES major modification that is currently pending for Florin Hill.

It is also located directly under a large, open space area. Starting BMP-2 next week will allow us to finish installation by the end of October, while we still have a window to topsoil and seed the open space, and get some grass to germinate this year before the weather turns. If we don't start BMP-2 by the end of next week, will lose any shot to get grass growing this year.

Starting BMP-2 next week will also keep the sitework contractor working and avoid having the project shut down for lack of work.

Both of these considerations are good for the project.

To keep this conversation moving, we would like to schedule a Teams meeting to discuss this with you. Please let us know if you have availability on Tuesday next week at 1:00 PM for a Teams meeting.

Thanks,

Anthony

Hi Anthony. Thank you for reaching out. I received Brent's email with many of his questions and my aim is to work on that this week. That said, Brent's email is going to take priority over your question below, and I have a large number of other priorities I need to focus on this week. So that said, while I am not ignoring you, please know that it will take at least some time for me/us to think about your request below and I am not committing to a quick answer for you. I think what you are asking will take some time to think through, especially given that the currently approved red-lined plan drawings are clear that construction of this subsurface BMP will occur after approval of the major amendment.

Thanks,

Subject: FW: PAD360126 A-1 Florin Hills Technical Deficiencies and Draft Issuance

Eric,

As you know, we received the attached technical comments to our application for the major modification to the NPDES permit for Florin Hill. All of the comments relate to E&S controls and the design of the E&S facilities. None of the comments related to the PCSM design or any of the PCSM BMPs, which have not changed from what is reflected under the original NPDES permit.

K&W is working on a response to the review letter and expects to resubmit the application next week, once it hears back from you on the few questions and clarifications that Brent asked about in his email to you yesterday. Thank you as always for taking the time to review and respond to those questions.

I am reaching out to you to discuss BMP-2, which is the underground PCSM facility that will take stormwater from the majority of Phase 3. The installation of BMP-2 is dealt with in step 15 of the construction sequence. We are nearing completion of the work in steps 1-14 of the sequence and are requesting permission to proceed to step 15 so that we may install BMP-2 while the weather is still amenable to this work.

We feel this is a reasonable request because (1) the PCSM design (including BMP-2) has not changed from what was approved under the original NPDES permit, and (2) none of the comments we received from the Department relate to the PCSM design (or BMP-2, specifically).

Proceeding with the installation of BMP-2 will allow us to keep moving forward in service of the future homeowners that have already purchased homes in the neighborhood, and will avoid having the project shut down because the sitework contractor is out of work.

Would you please discuss this with the Department and get back to us at your earliest convenience regarding this request? The Department is copied on this email so it is aware of the request and can also provide guidance in this matter.

I've copied in the Borough manager and his engineer, so they are in the loop as well.

Thanks again for your help in ensuring that the project continues to advance.

Have a great weekend.

Anthony

You don't often get email from natphillip@pa.gov. [Learn why this is important](#)

Mr. Faranda-Diedrich

In considering your request to perform additional earth disturbances associated with the major amendment, namely Phase 3 Sequence of Construction Numbers 15 through 19, as shown on Sheet 6 of the E&S plans, it is noted that the excavated material from BMP 2 is to be deposited in Blocks CC and X. Those blocks are filling in Sediment Basin 1A, reducing its capacity while still having the same drainage area going to it. The sediment basin should not be filled until BMP 2 is operational, taking in the stormwater from the constructed roads, and the temporary inflow pipes removed. Therefore, the work associated with the referenced construction sequence numbers should not commence. Provide a plan in which sediment basin 1A is not filled until BMP 2 is operational, and the DEP will reconsider your request.

Subject: FW: PAD360126 A-1 Florin Hills Technical Deficiencies and Draft Issuance

Eric,

As you know, we received the attached technical comments to our application for the major modification to the NPDES permit for Florin Hill. All of the comments relate to E&S controls and the design of the E&S facilities. None of the comments related to the PCSM design or any of the PCSM BMPs, which have not changed from what is reflected under the original NPDES permit.

K&W is working on a response to the review letter and expects to resubmit the application next week, once it hears back from you on the few questions and clarifications that Brent asked about in his email to you yesterday. Thank you as always for taking the time to review and respond to those questions.

I am reaching out to you to discuss BMP-2, which is the underground PCSM facility that will take stormwater from the majority of Phase 3. The installation of BMP-2 is dealt with in step 15 of the construction sequence. We are nearing completion of the work in steps 1-14 of the sequence and are requesting permission to proceed to step 15 so that we may install BMP-2 while the weather is still amenable to this work.

We feel this is a reasonable request because (1) the PCSM design (including BMP-2) has not changed from what was approved under the original NPDES permit, and (2) none of the comments we received from the Department relate to the PCSM design (or BMP-2, specifically).

Proceeding with the installation of BMP-2 will allow us to keep moving forward in service of the future homeowners that have already purchased homes in the neighborhood, and will avoid having the project shut down because the sitework contractor is out of work.

Would you please discuss this with the Department and get back to us at your earliest convenience regarding this request? The Department is copied on this email so it is aware of the request and can also provide guidance in this matter.

I've copied in the Borough manager and his engineer, so they are in the loop as well.

Thanks again for your help in ensuring that the project continues to advance.

Have a great weekend.

Anthony

Subject: RE: PAD360126 A-1 Florin Hills Technical Deficiencies and Draft Issuance

Hi Brent and Kara,

Could you let me know whether or not the Borough would be amenable to entertaining Anthony's request? I am thinking that having a coordinated effort here could be beneficial, especially since this facility is a facility that provides stormwater management for a chunk of Phase 3. If the Borough is not amenable to allowing for BMP-2 to be installed until after the NPDES amendment is issued, I'll stand behind your decision. If you are planning to defer to us, feel free to let me know. I'm happy to hop on a call with you if that's easier. Thanks.

Subject: RE: PAD360126 A-1 Florin Hills Technical Deficiencies and Draft Issuance

Hi Eric,

I'm checking in on the below email.

I know you have several priorities you are working through, but we really need to move forward with installation of the permanent BMP-2 stormwater facility as soon as possible at this point.

As you know, installation of BMP-2 has no impact on the NPDES major modification that is currently pending for Florin Hill.

It is also located directly under a large, open space area. Starting BMP-2 next week will allow us to finish installation by the end of October, while we still have a window to topsoil and seed the open space, and get some grass to germinate this year before the weather turns. If we don't start BMP-2 by the end of next week, will lose any shot to get grass growing this year.

Starting BMP-2 next week will also keep the sitework contractor working and avoid having the project shut down for lack of work.

Both of these considerations are good for the project.

To keep this conversation moving, we would like to schedule a Teams meeting to discuss this with you. Please let us know if you have availability on Tuesday next week at 1:00 PM for a Teams meeting.

Thanks,

Anthony

Hi Anthony. Thank you for reaching out. I received Brent's email with many of his questions and my aim is to work on that this week. That said, Brent's email is going to take priority over your question below, and I have a large number of other priorities I need to focus on this week. So that said, while I am not ignoring you, please know that it will take at least some time for me/us to think about your request below and I am not committing to a quick answer for you. I think what you are asking will take some time to think through, especially given that the currently approved red-lined plan drawings are clear that construction of this subsurface BMP will occur after approval of the major amendment.

Thanks,

Subject: RE: Lancaster County Planning Commission Candidate Opportunity

Mark: Good Evening

I talked to my wife. I am planning on retiring and closing Whittemore and Haigh Engineering some time in 2026.

I am planning on throwing my hat in the ring for a vacant "At Large Member" seat on the Lancaster County Planning Commission. No guarantee that they will take an 82-year-old. The US Census tells me that I have a 50/50 chance of living to age 90.

Can you please put this on the Admin and Finance Committee meeting Agenda for discussion and possible a Letter of Recommendation.

Thanks

Regards Bruce

Subject: Lancaster County Planning Commission Candidate Opportunity

Hello Municipal Manager/Secretary,

The Lancaster County Planning Department (LCPD) is creating an annual pool of qualified candidates who would be willing to serve on the Planning Commission. **We have two vacancies going into 2026: Southern Planning Area representative and At-large member.** Candidates will be considered by the Board of Commissioners (BOC). Names will be kept on file for four years.

To that end, we are asking elected officials to nominate one or more candidates. Nominees can be municipal elected officials, municipal managers, or municipal planning commission members.

Please visit <https://lancastercountypanning.org/269/Serving-as-an-LCPC-Member> for more information. Interested candidates should complete the application available on the County website ([Lancaster-County-Board-Appointment-Application](#)) and return it to the LCPD by November 21st, 2025. The BOC will then make the appointments by the end of the year. Thank you for considering this opportunity.

If you have any questions, please don't hesitate to contact us.
Sincerely,

William T. Clark

STORM WATER MANAGEMENT AND PARKING AGREEMENT

THIS AGREEMENT made as of the 5TH day of October, 2009, by and between **CONSTANTINE KOURGELIS and ELENi KOURGELIS**, adult individuals and husband and wife with a mailing address of 1050 West Main Street, Mount Joy, Pennsylvania 17552 (hereinafter referred to as the "Landowners"), and **MOUNT JOY BOROUGH**, Lancaster County, Pennsylvania, a borough duly organized under the laws of the Commonwealth of Pennsylvania, with its municipal office located at 21 East Main Street, Mount Joy, Pennsylvania 17552 (hereinafter referred to as the "Borough").

BACKGROUND:

Landowners are the owners of a tract of land identified as 1050 West Main Street and further identified as Lancaster County Tax Account No. 450-47069-0-0000, within Mount Joy Borough, Lancaster County, Pennsylvania, pursuant to a deed recorded at Record Book 7264, Page 251, in the Office of the Recorder of Deeds in and for Lancaster County, Pennsylvania. The Borough is the record owner of land adjoining 1050 West Main Street at its southern property line identified as Lancaster County Tax Account No. 450-85846-0-0000 within Mount Joy Borough, Lancaster County, Pennsylvania (the "Borough Property"), by virtue of a deed recorded at Record Book 4443, Page 639, in the Office of the Recorder of Deeds in and for Lancaster County, Pennsylvania. 1050 West Main Street is developed with a restaurant and accessory off-street parking and storm water management facilities.

Landowners desire to make certain improvements to 1050 West Main Street, including the addition of paving for off-street parking facilities and storm water management facilities. Landowners have requested that the Borough allow the installation of thirteen (13) off-street parking spaces

and a circulation aisle on the portion of the Borough Property immediately abutting 1050 West Main Street as shown on Exhibit "A" attached hereto and incorporated herein (the "Easement Area"). Landowners have also requested that the Borough allow Landowners to make certain improvements to a storm water management basin located on the Borough Property and to discharge storm waters from 1050 West Main Street into the detention basin on the Borough Property. The grading and storm water management facilities which Landowners propose to install are shown on the Stormwater Management Plan for Gus Kourgelis prepared by D. C. Gohn Associates, Inc., Project No. 4390-40, Drawing No. CG2680A, dated July 9, 2009 (the "Plan").

The Borough has consented to the installation of the storm water management improvements and grading on the Borough Property as shown on the Plan (the "Stormwater Improvements") and the installation of off-street parking spaces and a circulation Drive (the "Parking Improvements") as shown on Exhibit "A" subject to the provisions of this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises contained herein, and intending to be legally bound hereby, the parties agree as follows:

1. The foregoing background recitals are incorporated into and made a substantive part of this Agreement.
2. Landowners shall install the Stormwater Improvements in conformance with the Plan, as approved by the Borough, and in accordance with all applicable Borough ordinances and regulations.
3. Landowners shall install the Parking Improvements in accordance with Exhibit "A" and in accordance with all applicable Borough ordinances and regulations.
4. Landowners shall maintain the Parking Improvements in accordance with the design requirements of Exhibit "A" and all applicable Borough ordinances and regulations. Landowners agree that if Landowners fail to maintain the Parking Improvements as required by this Paragraph, Landowners shall be in violation of this Agreement.
5. The Borough may require that Landowners, their personal representatives, heirs and assigns or any future owner or occupier of 1050 West Main Street or any part thereof, take such corrective measures as the Borough may deem reasonably necessary to bring the Parking Improvements into compliance with this Agreement and with the Plan, as approved by the Borough.

6. Upon the failure of the Landowners or future owners or occupiers of the 1050 West Main Street or any part thereof to comply with the terms of this Agreement or to take corrective measures following reasonable notice from the Borough, the Borough, through its authorized representatives, may take such corrective measures as it deems reasonably necessary to bring the Parking Improvements into compliance with this Agreement and with the Plan, and may charge the cost thereof to Landowners, their personal representative, heirs and assigns, or any owner of 1050 West Main Street or any part thereof and, in default of such payment, may cause a municipal lien to be imposed upon the 1050 West Main Street or any part thereof. Any municipal lien filed pursuant to this Agreement shall be in the amount of all costs incurred by the Borough, plus a penalty of ten (10%) of such costs, plus the Borough's reasonable attorneys' fees.

7. Landowners shall have the right to maintain the Parking Improvements on the Borough Property within the area shown on Exhibit "A" for a period of five (5) years from the date of this Agreement. Thereafter, the Borough may terminate the easement granted to Landowners to use the area shown on Exhibit "A" for off-street parking and circulation by giving Landowners one (1) year's written notice. Landowners shall, within such one (1) year period, remove all Parking Improvements within the area shown on Exhibit "A" at Landowners' sole cost and expense.

8. Landowners shall install the Storm Water Improvements in accordance with the Plan and all applicable Borough ordinances and regulations.

9. Landowners agree to indemnify the Borough and all of its elected and appointed officials, agents and employees (hereafter collectively referred to as the "Indemnitees") against and hold Indemnitees harmless from any and all liability, loss or damage, including attorneys' fees and costs of investigation, as a result of claims, demands, costs or judgments against Indemnitees which arise as a result of the design, installation, construction or maintenance of the Parking Improvements.

10. Landowners agree to indemnify the Indemnitees against and hold Indemnitees harmless from any and all liability, loss or damage, including attorneys' fees and costs of investigation, as a result of claims, demands, costs or judgments against Indemnitees which arise as a result of the installation or construction of the Storm Water Improvements.

11. The Borough may, in addition to the remedies prescribed herein, proceed with any action at law or in equity to bring about compliance with the Mount Joy Borough Storm Water

Management Ordinance and/or this Agreement.

12. This Agreement shall be binding upon the Landowners, the successors and assigns of Landowners, and all present and future owners of 1050 West Main Street or any part thereof and is intended to be recorded in order to give notice to future owners of the 1050 West Main Street of their duties and responsibilities with respect to the Parking Improvements and the Storm Water Improvements. Landowners shall include a specific reference to this Agreement in any deed of conveyance for the Premises or any part thereof.

13. This Agreement may be amended only by written instrument signed on behalf of all owners of 1050 West Main Street and the Borough.

14. When the sense so requires, words of any gender used in this Agreement shall be held to include any other gender, and the words in the singular number shall be held to include the plural, and vice versa.

IN WITNESS WHEREOF, the parties have hereunto caused this Agreement to be executed the 5TH day of October, 2009.

Subject: Amended Storm Water Agreement
Attachments: 6316916-1 (recorded SW agreement and easement - Basins 1, 1A, 1B).pdf; MJB Agreement with Exhibits.pdf

Hi Mark,

I am respectfully submitting a final copy of the amended Storm Water Management Agreement for consideration and execution. As previously discussed, this amendment is necessary per requirements of the LCCD in order for the Authority to complete the NOT of the open NPDES permit for the South Jacob St water treatment plant project. The 2 largest changes are as follows.

- Basins A, A1, and A2 have been removed from the agreement. The reason for this is because these basins were never constructed. Prior to construction, a LD plan was approved for the Laurel Harvest project in which their storm water controls superseded the proposed basins in this location.
- Donsco has been removed from the agreement as a Joinder due to the fact that there were no controls installed on their property.

I have also attached a copy of the previously executed agreement for comparison purposes during your review.

Please let me know if you have any questions and what I need to do in order to proceed.

Best Regards,

Scott J Kapcsos

AMENDED STORM WATER MANAGEMENT AGREEMENT

THIS AMENDED AGREEMENT made this _____ day of _____, 2025, by and between **MOUNT JOY BOROUGH AUTHORITY**, a municipality authority with a mailing address of 21 East Main Street, Mount Joy, Pennsylvania 17552 (hereinafter referred to as the "Grantor"), and **MOUNT JOY BOROUGH**, Lancaster County, Pennsylvania, a municipal corporation duly organized under the laws of the Commonwealth of Pennsylvania, with its municipal office located at 21 East Main Street, Mount Joy, Pennsylvania (hereinafter referred to as the "Borough").

BACKGROUND

Grantor is the owner of premises located on the north side of Little Chiques Creek, west of Lefever Road, in the Borough of Mount Joy, Lancaster County, Pennsylvania, as more specifically described in a deed recorded at Document No. 5907635 in the Office of the Recorder of Deeds in and for Lancaster County, Pennsylvania (the "Premises"), and as shown on the South Jacob Street Water Treatment Plant and Well #3 Post Construction Stormwater Management (PCSM) Plan, prepared by Arro Consulting, Inc., Project No. 10318.20, dated June, 2015, last revised November 22, 2016 (hereinafter referred to as the "Plan"). The storm water management facilities that have been installed on the Premises are more specifically identified in the plan attached as Exhibit A and incorporated herein. Grantor and the Borough previously entered into a Storm Water Management Agreement and Declaration of Easement on February 6, 2017, recorded with the Lancaster County Recorder of Deeds as Instrument No. 6316916 ("Original Agreement"). This Amended Agreement supersedes the Original Agreement.

Exhibit B to the Original Agreement has been removed from this Amended Agreement, as the storm water facilities shown in that Exhibit were never constructed and shall never be constructed. Relatedly, references to Grantor's easement with and joinder of Donsco, Inc. in the Original Agreement have been omitted from this Amended Agreement as the storm water facilities contemplated on the Donsco, Inc. property were never constructed as originally anticipated and shall never be constructed.

Prior to beginning construction on any subdivision or land development or regulated activity, Grantor is required, under the Mount Joy Borough Subdivision and Land Development Ordinance and the Mount Joy Borough Storm Water Management Ordinance (collectively referred to as the "Ordinance"), to file a plan with Mount Joy Borough Council. Pursuant to the Ordinance, Grantor must include storm water management data in its subdivision and/or land development application. The Ordinance requires that Grantor's Plan reflect and/or be accompanied with supporting documentation which identifies the ownership of, and the method of administering and maintaining, all permanent storm water management facilities. Drainage courses, swales, grassed

waterways, storm water inlets, pipes, conduits, detention basins, retention basins, infiltration structures, and other storm water management facilities, including Best Management Practices facilities ("BMPs"), shall be included under the term "storm water management facilities" in this Amended Agreement.

The purpose of this Amended Agreement is to describe the ownership and maintenance responsibilities for the storm water management facilities which have been installed on the Premises and to impose the ownership and maintenance responsibilities upon Grantor, its successors and assigns and upon successor owners of the Premises and set forth the rights of the Borough.

NOW, THEREFORE, intending to be legally bound hereby and in consideration of receiving approval of this Amended Agreement, Grantor, for Grantor and the successors and assigns of Grantor, covenant and declare as follows:

1. The storm water management facilities will be owned by Grantor, its successors and assigns.
2. All drainage courses, swales, storm water inlets, pipes, conduits, detention basins BMPs, and other storm water management facilities shall be installed, constructed and maintained by Grantor, its successors and assigns, in a first-class condition in conformance with the approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County, and in a manner sufficient to meet or exceed the performance standards and specifications set forth on the approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County. These responsibilities shall include, but not be limited to, the following:
 - a. Liming, fertilizing, seeding and mulching of vegetated channels and all other unstabilized soils or areas according to the specifications in the "Erosion and Sediment Pollution Control Manual" published by the Pennsylvania Department of Environmental Protection, the Penn State Agronomy Guide, or such similar accepted standard.
 - b. Reestablishment of vegetation by seeding and mulching or sodding of scoured areas or areas where vegetation has not been successfully established.
 - c. Mowing as necessary to maintain adequate stands of grass and to control weeds. Chemical weed control may be used if federal, state and local laws and regulations are met. Selection of seed mixtures shall be subject to approval by the Borough.
 - d. Removal of silt from all permanent structures which trap silt or sediment in order to keep the material from building up in grass waterways, pipes, detention or retention basins, infiltration structures, BMPs, and/or other facilities and thus reducing their capacity.

- e. Removal of silt from all permanent drainage structures, in particular BMPs, in order to maintain the design storage volumes. Regular programs shall be established and maintained.
 - f. Regular inspection of the areas in question to assure proper maintenance and care, including but not limited to proper implementation of BMPs.
 - g. Regular maintenance to insure that all pipes, swales and detention facilities shall be kept free of any debris or other obstruction.
 - h. Regular maintenance of all facilities designed to improve water quality to insure that such facility function in accordance with their design.
 - i. Repair of any subsidence, including subsidence caused by sinkholes.
 - j. Performance of inspection and maintenance as set forth on Exhibit B (former Exhibit C) attached hereto and incorporated herein.
 - k. Grantor, its successors and assigns, shall be responsible for performing the foregoing maintenance.
3. Grantor, its successors and assigns, shall be responsible for maintaining records of all inspections of and maintenance to BMPs and other storm water management facilities. Grantor, its successors and assigns, shall be responsible to prepare all annual BMP and post construction storm water management facility reports detailing the actual inspection and maintenance activities performed which are required by the terms of any NPDES permit or other state or federal regulation or requirement performed each calendar year after completion of installation of the storm water management facilities and submit such reports to the Borough on or before March 31 of the following calendar year, together with any fee which the Borough may impose for the review and processing of such report. It is the responsibility of Grantor to inform successors owners of the Premises or any lot created from the Premises of this reporting requirement. The failure to submit an annual report is a violation of this Amended Agreement. The Borough may prepare any required report and recover all costs required to prepare such report from the then-owner of the Premises or any lot created from the Premises, plus a penalty of ten (10%) percent of such costs and may file a municipal claim to secure payment of such costs.
4. Grantor, for itself, its successors and assigns, agrees that the failure to maintain all drainage courses, swales, storm water inlets, pipes, conduits, detention basins, BMPs, and other storm water management facilities in a first-class condition in conformance with this Amended Agreement and approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County, shall constitute a nuisance and shall be abatable by the Borough as such.

5. Grantor, for itself, its successors and assigns, authorizes the Borough, at any time and from time to time, by its authorized representatives, to enter upon the Premises to inspect the storm water management facilities.
6. The Borough may require that Grantor, and assigns or any future owner or occupier of the Premises or any part thereof, take such corrective measures as the Borough may deem reasonably necessary to bring the Premises into compliance with this Amended Agreement and with the approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County.
7. Upon the failure of the owner or occupier of the Premises or any part thereof to comply with the terms of this Amended Agreement or to take corrective measures following reasonable notice from the Borough, the Borough, through its authorized representatives, may take such corrective measures as it deems reasonably necessary to bring the Premises into compliance with this Amended Agreement and with the approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County, including, but not limited to, the removal of any blockage or obstruction from drainage pipes, swales, detention basins, and BMPs, and may charge the cost thereof to Grantor, its successors and assigns, or any owner of the Premises or any part thereof and, in default of such payment, may cause a municipal lien to be imposed upon the portion of the Premises described in a deed recorded at Document No. 5907635 in the Office of the Recorder of Deeds in and for Lancaster County, Pennsylvania. Any municipal lien filed pursuant to this Amended Agreement shall be in the amount of all costs incurred by the Borough, plus a penalty of ten (10%) of such costs, plus the Borough's reasonable attorneys' fees.
8. Any proposal to add additional impervious surface coverage to the Premises will require the submission of a storm water management plan meeting all requirements of applicable regulations in effect at the time such application is filed.
9. Grantor hereby imposes upon the Premises for the benefit of all present and future owners of the Premises or part of the Premises, the Borough, and all other property owners affected by the storm water management facilities, the perpetual right, privilege and easement for the draining of storm water in and through the drainage courses, swales, storm water inlets, pipes, conduits, detention basins, BMPs, and other storm water management facilities depicted on the plan or plans submitted to the Borough or hereafter made of record and now or hereafter installed on or constructed upon the Premises and, in addition, easements of access to the storm water management facilities.
10. Grantor agrees to indemnify the Borough and all of its elected and appointed officials, agents and employees (hereafter collectively referred to as the "Indemnitees") against and hold Indemnitees harmless from any and all liability, loss or damage, including attorneys' fees and costs of investigation and defense, as a result of claims, demands, costs or judgments against Indemnitees which arise as a result of the design, installation, construction or maintenance of the storm water management facilities.

11. Grantor's personal liability under this Amended Agreement shall cease at such time as (a) all storm water management facilities have been constructed in accordance with the specifications of the Borough Subdivision and Land Development Ordinance, the Borough Storm Water Management Ordinance and the approved plans; (b) the storm water management facilities have been inspected and approved by the Borough Engineer; (c) all financial security, including any maintenance security, posted by Grantor has been released by the Borough; and (d) Grantor has transferred the Premises to third parties. Notwithstanding the foregoing, Grantor's personal liability shall continue for any violations of this Amended Agreement which occurred during the time that Grantor owned the Premises or in the event the storm water management facilities were not completed, inspected or approved as set forth in (a) through (c) herein.
12. It is the intent of the parties to this Amended Agreement that personal liability and maintenance obligations shall pass to subsequent title owners upon change in ownership of the Premises and such subsequent owners shall assume all personal liability and maintenance obligations for the time period during which they hold title. Personal liability shall remain for any violations of this Amended Agreement which occurred during the period in which an owner held title.
13. The Borough may, in addition to the remedies prescribed herein, proceed with any action at law or in equity to bring about compliance with the Borough Storm Water Management Ordinance, the Borough Subdivision and Land Development Ordinance and this Amended Agreement.
14. This Amended Agreement shall be binding upon the Grantor, the successors and assigns of Grantor, and all present and future owners of the Premises or any part thereof and is intended to be recorded in order to give notice to future owners of the Premises of their duties and responsibilities with respect to the storm water management facilities. Grantor shall include a specific reference to this Amended Agreement in any deed of conveyance for the Premises or any part thereof.
15. This Amended Agreement may be amended only by written instrument signed on behalf of all owners of the Premises and the Borough.
16. When the sense so requires, words of any gender used in this Amended Agreement shall be held to include any other gender, and the words in the singular number shall be held to include the plural, and vice versa.

IN WITNESS WHEREOF, the undersigned have caused this Amended Agreement to be executed on the day and year first above written.

STORM WATER MANAGEMENT AGREEMENT AND DECLARATION OF EASEMENT

THIS AGREEMENT AND DECLARATION OF EASEMENT made this 6th day of FEBRUARY, 2017, by and between MOUNT JOY BOROUGH AUTHORITY, a municipality authority with a mailing address of 21 East Main Street, Mount Joy, Pennsylvania 17552 (hereinafter referred to as the "Grantor"), and MOUNT JOY BOROUGH, Lancaster County, Pennsylvania, a municipal corporation duly organized under the laws of the Commonwealth of Pennsylvania, with its municipal office located at 21 East Main Street, Mount Joy, Pennsylvania (hereinafter referred to as the "Borough").

BACKGROUND

Grantor is the owner of premises located on the north side of Little Chickies Creek, west of Lefever Road, in the Borough of Mount Joy, Lancaster County, Pennsylvania, as more specifically described in a deed recorded at Document No. 5907635 in the Office of the Recorder of Deeds in and for Lancaster County, Pennsylvania, and Grantor is the holder of a storm water drainage easement over property of Donsco, Inc., in the Borough of Mount Joy, Lancaster County, Pennsylvania, said tract being described in the deed recorded at Document No. 5970269 in the Office of the Recorder of Deeds in and for Lancaster County, Pennsylvania, and said easement identified in the Second Amendment to Utility Easement Agreement recorded at Document No. 6306958 in the Office of the Recorder of Deeds in and for Lancaster County, Pennsylvania (hereinafter collectively referred to as the "Premises"), and as shown on the South Jacob Street Water Treatment Plant and Well #3 Post Construction Stormwater Management (PCSM) Plan, prepared by Arro Consulting, Inc., Project No. 10318.20, dated June, 2015, last revised November 22, 2016 (hereinafter referred to as the "Plan"). The storm water management facilities to be installed on the Premises are more specifically identified in the plans attached as Exhibits A and B and incorporated herein.

Prior to beginning construction on any subdivision or land development or regulated activity, Grantor is required, under the Mount Joy Borough Subdivision and Land Development Ordinance and the Mount Joy Borough Storm Water Management Ordinance (collectively referred to as the "Ordinance"), to file a plan with Mount Joy Borough Council. Pursuant to the Ordinance, Grantor must include storm water management data in its subdivision and/or land development application. The Ordinance requires that Grantor's Plan reflect and/or be accompanied with supporting documentation which identifies the ownership of, and the method of administering and maintaining, all permanent storm water management facilities. Drainage courses, swales, grassed waterways, storm water inlets, pipes, conduits, detention basins, retention basins, infiltration structures, and other storm water management facilities, including Best Management Practices facilities ("BMPs"), shall be included under the term "storm water management facilities" in this Agreement and Declaration of Easement.

The purpose of this Agreement and Declaration of Easement is to describe the ownership and maintenance responsibilities for the storm water management facilities which will be installed on the Premises and to impose the ownership and maintenance responsibilities upon Grantor, its successors and assigns and upon successor owners of the Premises, and set forth the rights of the Borough.

NOW, THEREFORE, intending to be legally bound hereby and in consideration of receiving approval of its Plan from Borough Council, and in consideration of receiving permits from the Borough to develop the Premises, Grantor, for Grantor and the successors and assigns of Grantor, covenant and declare as follows:

1. The storm water management facilities will be owned by Grantor, its successors and assigns.

2. All drainage courses, swales, storm water inlets, pipes, conduits, detention basins BMPs, and other storm water management facilities shall be installed, constructed and maintained by Grantor, its successors and assigns, in a first-class condition in conformance with the approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County, and in a manner sufficient to meet or exceed the performance standards and specifications set forth on the approved Plan, including any accompanying storm water management plans and information,

and as recorded in the Office of the Recorder of Deeds in and for Lancaster County. These responsibilities shall include, but not be limited to, the following:

- a. Liming, fertilizing, seeding and mulching of vegetated channels and all other unstablized soils or areas according to the specifications in the "Erosion and Sediment Pollution Control Manual" published by the Pennsylvania Department of Environmental Protection, the Penn State Agronomy Guide, or such similar accepted standard.
- b. Reestablishment of vegetation by seeding and mulching or sodding of scoured areas or areas where vegetation has not been successfully established.
- c. Mowing as necessary to maintain adequate stands of grass and to control weeds. Chemical weed control may be used if federal, state and local laws and regulations are met. Selection of seed mixtures shall be subject to approval by the Borough.
- d. Removal of silt from all permanent structures which trap silt or sediment in order to keep the material from building up in grass waterways, pipes, detention or retention basins, infiltration structures, BMPs, and/or other facilities and thus reducing their capacity.
- e. Removal of silt from all permanent drainage structures, in particular BMPs, in order to maintain the design storage volumes. Regular programs shall be established and maintained.
- f. Regular inspection of the areas in question to assure proper maintenance and care, including but not limited to proper implementation of BMPs.
- g. Regular maintenance to insure that all pipes, swales and detention facilities shall be kept free of any debris or other obstruction.
- h. Regular maintenance of all facilities designed to improve water quality to insure that such facility function in accordance with their design.
- i. Repair of any subsidence, including subsidence caused by sinkholes.
- j. Performance of inspection and maintenance as set forth on Exhibit C attached hereto and incorporated herein.

Grantor, its successors and assigns, shall be responsible for performing the foregoing maintenance.

3. Grantor, its successors and assigns, shall be responsible for maintaining records of all inspections of and maintenance to BMPs and other storm water management facilities. Grantor, its successors and assigns, shall be responsible to prepare all annual BMP and post construction storm water management facility reports detailing the actual inspection and maintenance activities performed which are required by the terms of any NPDES permit or other state or federal regulation or requirement performed each calendar year after completion of installation of the storm water management facilities and submit such reports to the Borough on or before March 31 of the following calendar year, together with any fee which the Borough may impose for the review and processing of such report. It is the responsibility of Grantor to inform successors owners of the Premises or any lot created from the Premises of this reporting requirement. The failure to submit an annual report is a violation of this Agreement. The Borough may prepare any required report and recover all costs required to prepare such report from the then-owner of the Premises or any lot created from the Premises, plus a penalty of ten (10%) percent of such costs and may file a municipal claim to secure payment of such costs.

4. Grantor, for itself, its successors and assigns, agrees that the failure to maintain all drainage courses, swales, storm water inlets, pipes, conduits, detention basins, BMPs, and other storm water management facilities in a first-class condition in conformance with this Agreement and approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County, shall constitute a nuisance and shall be abatable by the Borough as such.

5. Grantor, for itself, its successors and assigns, authorizes the Borough, at any time and from time to time, by its authorized representatives, to enter upon the Premises to inspect the storm water management facilities.

6. The Borough may require that Grantor, and assigns or any future owner or occupier of the Premises or any part thereof, take such corrective measures as the Borough may deem reasonably necessary to bring the Premises into compliance with this Agreement and with the approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County.

7. Upon the failure of the owner or occupier of the Premises or any part thereof to comply with the terms of this Storm Water Management Agreement or to take corrective measures

following reasonable notice from the Borough, the Borough, through its authorized representatives, may take such corrective measures as it deems reasonably necessary to bring the Premises into compliance with this Agreement and with the approved Plan, including any accompanying storm water management plans and information, and as recorded in the Office of the Recorder of Deeds in and for Lancaster County, including, but not limited to, the removal of any blockage or obstruction from drainage pipes, swales, detention basins, and BMPs, and may charge the cost thereof to Grantor, its successors and assigns, or any owner of the Premises or any part thereof and, in default of such payment, may cause a municipal lien to be imposed upon the portion of the Premises described in a deed recorded at Document No. 5907635 in the Office of the Recorder of Deeds in and for Lancaster County, Pennsylvania. Any municipal lien filed pursuant to this Agreement shall be in the amount of all costs incurred by the Borough, plus a penalty of ten (10%) of such costs, plus the Borough's reasonable attorneys' fees.

8. Any proposal to add additional impervious surface coverage to the Premises will require the submission of a storm water management plan meeting all requirements of applicable regulations in effect at the time such application is filed.

9. Grantor hereby imposes upon the Premises for the benefit of all present and future owners of the Premises or part of the Premises, the Borough, and all other property owners affected by the storm water management facilities, the perpetual right, privilege and easement for the draining of storm water in and through the drainage courses, swales, storm water inlets, pipes, conduits, detention basins, BMPs, and other storm water management facilities depicted on the plan or plans submitted to the Borough or hereafter made of record and now or hereafter installed on or constructed upon the Premises and, in addition, easements of access to the storm water management facilities.

10. Grantor agrees to indemnify the Borough and all of its elected and appointed officials, agents and employees (hereafter collectively referred to as the "Indemnitees") against and hold Indemnitees harmless from any and all liability, loss or damage, including attorneys' fees and costs of investigation and defense, as a result of claims, demands, costs or judgments against Indemnitees which arise as a result of the design, installation, construction or maintenance of the storm water management facilities.

11. Grantor's personal liability under this Agreement shall cease at such time as (a) all storm water management facilities have been constructed in accordance with the specifications of the Borough Subdivision and Land Development Ordinance, the Borough Storm Water Management Ordinance and the approved plans; (b) the storm water management facilities have been inspected and approved by the Borough Engineer; (c) all financial security, including any maintenance security, posted by Grantor has been released by the Borough; and (d) Grantor has transferred the Premises to third parties. Notwithstanding the foregoing, Grantor's personal liability shall continue for any violations of this Agreement and Declaration of Easement which occurred during the time that Grantor owned the Premises or in the event the storm water management facilities were not completed, inspected or approved as set forth in (a) through (c) herein.

12. It is the intent of the parties to this Agreement that personal liability and maintenance obligations shall pass to subsequent title owners upon change in ownership of the Premises and such subsequent owners shall assume all personal liability and maintenance obligations for the time period during which they hold title. Personal liability shall remain for any violations of this Agreement and Declaration of Easement which occurred during the period in which an owner held title.

13. The Borough may, in addition to the remedies prescribed herein, proceed with any action at law or in equity to bring about compliance with the Borough Storm Water Management Ordinance, the Borough Subdivision and Land Development Ordinance and this Agreement.

14. This Agreement and Declaration of Easement shall be binding upon the Grantor, the successors and assigns of Grantor, and all present and future owners of the Premises or any part thereof and is intended to be recorded in order to give notice to future owners of the Premises of their duties and responsibilities with respect to the storm water management facilities. Grantor shall include a specific reference to this Agreement in any deed of conveyance for the Premises or any part thereof.

15. This Agreement and Declaration of Easement may be amended only by written instrument signed on behalf of all owners of the Premises and the Borough.

16. When the sense so requires, words of any gender used in this Agreement and Declaration of Easement shall be held to include any other gender, and the words in the singular number shall be held to include the plural, and vice versa.

IN WITNESS WHEREOF, the undersigned have caused this Agreement and Declaration to be executed on the day and year first above written.

Mount Joy Borough
Attn: Mark G Pulgiere, Borough Manager
21 East Main Street
Mount Joy, PA 17552

Dear Mr Pulgiere,

The Lancaster County Tax Claim Bureau has received a bid offer on the property listed below from the Repository of Unsold Properties.

Parcel:	450-36201-0-0000
Property Location:	315 Locust Ln
Owner:	Doris Jean & Ronald Scraggs
Price Offered:	\$1,300.00

In accordance with Section 627 of the Pennsylvania Real Estate Tax Sale Law, as amended by SB 540 on April 25, 1997, the Tax Claim Bureau may, with the written consent of the taxing districts where the property is located, accept an offer of any price for property placed in the "Repository for Unsold Properties" without court approval and published notice of sale. Any taxing district may not unreasonably withhold its consent to the sale of the property.

The purpose of this letter is to obtain your approval to sell this property from the repository for the amount listed above and have it placed back on the tax rolls. Upon receiving written consent from the taxing authorities, the property will be sold to Carlos Genao and Diana Genao 760 Billy Drive Lancaster PA 17601.

If you have any questions, please feel free to contact our office at 717-299-8232.

Sincerely,

Matthew T. Acker

◆ AI Overview

In Lancaster County, trick-or-treating is officially recommended by the Lancaster Inter-Municipal Committee (LIMC) to be held on Halloween night, October 31, 2026, from 6 p.m. to 8 p.m. . This date and time are recommended annually, regardless of the day of the week Halloween falls on, and apply to most municipalities within the county, including the City of Lancaster. [↗](#)

Key details for 2026:

- **Date:** Saturday, October 31, 2026. [↗](#)
- **Time:** 6:00 p.m. - 8:00 p.m. [↗](#)
- **Policy:** The Lancaster Inter-Municipal Committee (LIMC) established this annual policy, which is followed by many municipalities in the area. [↗](#)
- **Flexibility:** While this is the standard time, neighborhoods, organizations, or families can still choose to participate on different dates or times. [↗](#)

For more information:

- Check the official website of your specific municipality or township. [↗](#)
- Visit the [School District of Lancaster website](#) for community-wide reminders and safety tips. [↗](#)

Notice | Terms & Conditions

Please initial and date below

Section 1: Introduction

The below signed, acting as a duly authorized representative of the customer, understands and agrees that the equipment cited in the quotation is custom-built to suit their specific needs and requirements. Therefore, this order cannot be canceled under any circumstances that are beyond our control.

Section 2: Pricing

Bortek will do its best to minimize price adjustments after the time of order placement. However, in the event of unexpected Manufacturer and chassis price increases at any time during the manufacturing process, these will be passed along to the customer. Evidence of such increases will be provided upon request.

Section 3: Tariffs

If, after the date of this Quote, any new or increased tariffs, duties, or other government-imposed costs on materials or chassis become effective, the Sales Price of the goods shall be adjusted to reflect the actual increased cost to the manufacturer. To the greatest extent possible, Bortek will promptly notify the Customer of any such cost impact, although the rapidly changing tariff environment may affect total disclosure before the fulfillment of any order. New or increased tariffs may also result in material shortages which could delay the fulfillment of orders. Bortek will notify the Customer of any such delays and will work diligently to limit the impact on timely delivery of goods.

Section 4: Payment

1. 20% non-refundable deposit for all commercial purchases.
2. Prices exclude any applicable taxes.
3. CDL chassis for commercial use are subject to FET Tax.
4. Lease payments are an estimation and are subject to final credit approval.
5. Lease Quote is not a commitment to fund.
6. Balance due upon delivery.
7. Transfer of title to customer will be executed within five business days of receipt of payment.

Dan

If you provide me with all the information you listed, I can place it on the agenda for the Public Works Committee of Borough Council and they would decide if it is something that should go to Council for consideration and ultimately to approve it.

Public Works Committee meets the second Monday of each month. September is the 15th because of Labor Day. If you want it on the September 15th agenda, I would need the information by September 10.

Subject: Batting Cage at Lakes

You don't often get email from keaned27@yahoo.com. [Learn why this is important](#)

Good morning Dennis,

I was pointed your direction. Do you have a process on how to install a batting cage at the lakes park? I help out maintaining the field and Coach a baseball team that practices there.

I keep looking at the flat area beside the tennis courts as the perfect place for a batting cage. This will help keep the tball teams banging balls against the tennis court fence and help will foul balls flying into the court or into the space competing soccer field, offering a safer environment for everyone.

Do we need a site lay out plan? Material list to be approved? Type of cage? Etc.. I was hoping that you could give me some direction so I could run it past the Donegal Baseball association to see if they can also fund it as well.

Thanks for your time and attention,

Dan
